## Models of Villas in Baity Project

Architectural design

Al Handhal Group – Modon

Tikrit - Iraq

A complex of connected economic villas numbering 1,660 villas within the Bayti project – Al Handhal Group - Modon - Tikrit - Iraq

**Arkonsult** completed several designs in the initial design phase in line with the vision of the owner's representatives, so that they are economical on the one hand and have multiple models and different spaces so that they meet the needs of most of the project's residents on the other hand.

After approving the final models in the initial design, **Arkonsult** completed the designs, including the interior design of the spaces of each villa for the purpose of marketing, based on the request of the project owner's representatives..
